

The background of the entire image is a collage of architectural glass samples. In the top left, there are horizontal white blinds. In the top right, there is a dark glass with vertical white lines. In the bottom left, there is a large section of reddish-brown glass with a fine, grid-like texture. The text is overlaid on these elements.

ARHITEKTONSKO STAKLO

Industrijska estetika

Važno mjesto u modernoj arhitekturi zauzimaju različite vrste industrijski proizvedenog stakla. Uz odlične estetske i funkcionalne karakteristike, velika prednost je i pristupačna cijena. U našoj ponudi imamo više vrsta industrijskog stakla različitih tekstura, tzv. ornamentna stakla. Ornamentna stakla radi svoje površine raspršuju svjetlo i dekorativna su, što je savršeno za pregrade i unutarnje dizajnerske elemente. Ornamentno staklo u vanjskoj primjeni estetski doprinosi zgradi i omogućuje privatnost u različitim arhitektonskim kontekstima.
