

Caramel Frosted Glass

In our Color Transparent Glass, Color Laminated Satinato, and Color Laminated Mirrors collections, you can find over 300 different colors and shades. This broad selection allows you to choose hues that will perfectly complement the desired interior design for your project. These materials are known for their durability and UV resistance, making them ideal for use in public spaces like offices, schools, or kindergartens, where the right color choice can greatly impact the atmosphere of the space.
